

The Art of Lettering

Local Vancouver artist, Thom Watchorn whose academic credentials include a B.F.A. from Emily Carr University and a B.Ed from UBC welcomes you to explore the history and techniques of the art of letter making.

You will develop your own individual expression by creating a personalized folder which can become a portfolio for your works of art.

Students will explore colour theory, patterning and form.

I will also encourage and support your creativity and uniqueness, as both factors are equally important to the final product.

Student examples:
