

Commemorating Rabin: 20 years since the assassination of Yitzchak Rabin

Challenges & Hope Featuring special guest speaker from Israel Gilad Perry Dror Israel/Kibbutz Eshbal

It is hard to believe so many years have passed since this tragic turning point in Israel's history. On Saturday evening November 4, 1995 an Israeli gunman took the life of Israeli Prime Minister Yitzchak Rabin just as he finished delivering a message of hope and peace at a monumental rally in Tel Aviv.

The program will begin with a short candle lighting ceremony in memory of Yitzchak Rabin. A presentation will follow after which there will be a discussion and a few songs. Join us to hear about Yitzchak Rabin's legacy and the challenges facing Israel today.

Gilad Perry was present at the peace rally at which Yitzhak Rabin was assassinated and it became a turning point in his life. As a co-founder of Dror Israel, Gilad Perry has sought a deeper understanding of the steps Israel needs to take towards becoming Theodor Herzl's "exemplary society". But some problematic symptoms have grown in Israel: hatred between different groups in society, a crumbling social safety net, increasing inequality between rich and poor.
